Stapleton, NE

BULLBARN.COM

Today we appreciate cattle for their phenotype and above average EPD's.
With technology we can make good pictures.

In the selection process the progeny will give us the true look. Together with the EPD's we will be able to prove or measure the future genetics we hope to achieve.

Behind every good bull is an even better cow. To be successful we use data backed technology utilizing EPD's and genomics to find the top lineup of bulls.

For a complete lineup of the Gelbvieh bull offering

go to our website—www.bullbarn.com

Sincerely

Eldon Starr

Bull Barn Genetics

Cedar Top Ranch (breeding Gelbvieh since the early 1970s)

DLGO American Outlaw F015

Black Purebred

American Outlaw has had wide use. The pedigree is from proven genetics and the EPD's are tops. His carcass EPD's are some of the best.
