Angus Sires

Retail Price List

February 2024

Bull Barn Genetics has compiled the most powerful, complete and comprehensive list of Angus Bulls used in the AI industry. All known carriers, except DD have been deleted from our site. It is our intent to sell this complete battery of Angus bulls to the progressive Angus breeders. We deliver by Bull Barn truck, FedEx, and UPS. We need a two week lead time when ordering sex semen. We are distributors, not a bull stud, therefore, we cannot ship internationally. During the peak of the season, we may be short of shippers on any given day. Therefore, we suggest that you place your orders early to ensure shipment at the proper time of your breeding program. If you are buying semen, there will be no handling charges on certificates. Handling charges on certificate only orders – are up to five dollars per bull.
